Patient Reviews

Best dentist and staff in existence — Annaliza A. (Patient since 2018)

Best dentist and staff ever. I would highly recommend to anybody who is looking for a dentist and staff who make you feel welcome and who care about your dental health, and aren't afraid to show it. I've only visited a couple times, but every time I've gone in, it was a very pleasant experience and I actually look forward to going in for my next appointment.

Excellence — Victor A. (Patient since 2018)

I needed a tooth extracted and I went to Dr. Guyton's office. Even though it was my first time, I was treated as though I had been going there for years. The staff was excellent and Dr. Guyton was even more. I will continue to go there in the future and would recommend this office to everyone I know. Thank you so much!

The Best!!! — Elizabeth L. (Patient since 2015)

I cannot speak more highly of Dr. Guyton and his staff. Absolute best customer service and professional care. I am a first-time Ortho patient and the experience has been awesome (not painless haha). I also see Dr. G for my preventative care too. Best Dentist I have ever had.

Another great visit — Vicki S. (Patient since 2004)

A long-time patient of Dr. Guyton, I still appreciate the professionalism, friendliness and personal care that I receive each time I visit the office. It was especially heart-warming to hear about the volunteer work Dr. Guyton and several members of his team recently traveled to Guatemala to provide to indigent patients. A very caring office, always on top of the latest in dentistry.
